WORKER EXPRESS

The Australia we once knew, that our parents experienced, is not the reality anymore because the rules that made our country fair are broken.

We are building a movement to change the rules to bring fairness back to Australia.

Wage growth is the lowest it's ever been, but profits are up. Inequality is at a 70 year high.

40% of the workforce is now in insecure work. A whole generation does not know what it is like to have a paid sick day or a paid holiday.

And the richest 1% of Australians owns more wealth than the bottom

Change
THE RULES

Join **Australian Unions**

70% of Australian citizens combined.

There is an answer to all this. Working people need better and stronger rights at work to ensure jobs are secure and our wages are fair.

We need to re-write the rules to achieve this.

BUILDING CODE DEADLINE

Senators have until 9th August to knock off laws that will inevitably heighten the risk of dying on a construction site.

SCAFFOLD & DEMO

A serious incident on Flemington Rd, North Melbourne highlights the need for scaffolders to remain present on site while demolition is taking place.

It is the responsibility of scaffolders and demo crew to ensure procedures are followed and in this case it's clear the processes City Circle were following were not up to scratch.

If you're concerned processes aren't being followed - Stand Up and Speak Out. If you need support, contact the CFMEU: 93413444

PRECAST PANELS CHECK 'EM

Delegates should be aware there are serious concerns about Precast Panel suppliers.

Check them. Are they up to date with everything? Are funds paid?

Panels can kill:

- Check concrete is not green
- Panels must be stored and secured properly
- Ensure panels are always unloading according to safe procedures.
